

## **Mission: Global Distribution**

PopNoggins is please to announce the formation of our International Sync Rights and Services Team. PopNoggins is currently operating thru our Official Dealer licensed network in twenty countries. It is our goal to find Official Dealers globally to increase the licensed network and strengthen the PopNoggins brand.

With out trademarks now accepted and approved all over the world, PopNoggins can now offer excellent marketing tools for our Official dealers and distributors.

PopNoggins is currently reviewing offers for distribution deals in many nations. Distributors are firms seeking rights to set up multiple businesses with third party dealers in a defined geographic area. If you wish to participate in PopNoggins distribution please contract us with you business information, history and plan outline so we may discuss the opportunities that PopNoggins may avail to you.

PopNoggins does not consider a single purchase dealer a distributor of PopNoggins products. Distributors will stock and sell PopNoggins systems to third parties.

Prospective distribution partners are asked to send PopNoggins a business outline and capitalization plan. PopNoggins is in search or partners with strong financial capabilities, marketing experience and a qualified distribution plan.

Each area assigned for distribution shall carry a quota in regards to minimum purchases and required annual marketing tactics. Distributors shall be required to attend training in Orlando, Florida USA at our worldwide headquarters.

Dealers may purchase PopNoggins systems for use in any country not currently banned from doing business with the USA, royalties shall be required.

The PopNoggins' team now consists of over 100 Official dealers in over 20 countries. We look forward from hearing how you can become part of the PopNoggins team.
